(REGISTERED TRADE MARK)

Quality Pencils.

LONDON MADE AND HALLMARKED.

To operate this pencil propel the lead as required.

When a lead is exhausted :

Wind back the propeller "A" as far as possible,

Withdraw the outer sheath "B,"

Take a new lead from the reserve end "C" and drop it into carrier "D,"

Replace the sheath "B,"

Propel the lead as required for use.

Do not wind back the propeller or remove the sheath until a new lead is required.

N.B.—This Ever-pointed Pencil is the only type that ensures an absolutely rigid writing point.

All pencils have a supply of leads in the Reserve Chamber.

REFILL LEADS: 9d. per box of 15 Leads.

Supplied in Hard, Medium, and Soft grades, also Indelible.

CAUTION.—In S. MORDAN & Co.'s EVER-POINTED PENCILS, S. MORDAN & Co.'s LEAD REFILLS only should be used. More damage results from ill-fitting leads than from all other causes combined.

Can be obtained from any Jeweller, Stationer or Store throughout the World.
